PROFILE

Equity research professional with hands-on experience in systematic backtesting, fundamental valuation, and Indian derivatives. Currently anchor a hedge-fund pair-trading system running ₹6 Cr live exposure that has matched NIFTY returns over the past year with materially lower drawdown. Previously authored 60+ daily and 12+ weekly research notes at a GIFT-City broker and built full DCF and comparable-company valuations on Indian equities. Targeting an Equity Research Analyst seat at a PMS or AMC where bottom-up conviction calls and risk-adjusted thinking drive AUM.

EXPERIENCE

Junior Research Analyst — Young Turtle LLP (Hedge Fund)
Ahmedabad | Jul 2025 – Present

- Built and validated a **delta-neutral pair-trading hedge system** on Indian equities delivering **16% CAGR over a 17-year backtest** with **CAR/MDD of 5.0** and worst month-on-month drawdown of just **-4.1%** — risk metrics in the top decile of strategies evaluated on the desk.
- Strategy moved to **live deployment with ₹6 Cr exposure**; over the first 2 months it has **matched NIFTY returns on a 12-month rolling basis with materially lower drawdown**, delivering the alpha profile the PM committee underwrote.
- Engineered the system in **AmiBroker AFL**, optimizing entry/exit filters, hedge ratios, and position sizing across multiple market regimes — built for robustness over curve-fit performance.
- Evaluated strategies using **CAR, CAR/MDD, SQN, Expectancy Ratio, and Monthly Thickness**; communicated findings directly to senior analysts and portfolio managers under daily reporting cadence.

Equity Research Intern — Matalia Stock Broking Pvt. Ltd.
GIFT-City, Gandhinagar | Sep 2024 – Nov 2024

- Authored **60+ daily mid-day reports and 12+ weekly market reports** over a 3-month stint — averaging one publishable note per trading day — on index action, sector rotation, F&O build-up, and global cues for the firm's institutional and HNI desk.
- Modeled **Q2 FY25 earnings** for tracked companies, highlighting margin trajectory, guidance revisions, and surprise factors versus consensus to drive same-day trading calls.
- Published the firm's **Diwali 2024 Muhurat picks** — independently researched stock calls with entry, target, and stop-loss framework backed by sector and valuation rationale.
- Supported proprietary traders on intraday position monitoring and capital deployment decisions aimed at generating alpha over benchmark.

Equity Markets Intern — Kotak Securities
Vadodara | Dec 2022 – Jan 2023

- Trained under a senior equities mentor on Indian capital and money markets; built working fluency in **option Greeks (Delta, Gamma, Theta, Vega)** and their practical use in directional and volatility trades.

Audit & Tax Intern — Manoj Vipin & Co.
Vadodara | Jun 2022 – Jul 2022

- Assisted senior auditors on **stock audit fieldwork (incl. ONGC engagement)**, GST report preparation, and ITR filing for HNI and trust clients; built early fluency in advanced Excel and statutory reporting.

SELECTED PROJECTS

Chambal Fertilisers — DCF & Comparable Company Valuation *Jun 2024 – Jul 2024*

- Built a 5-year FCFF model on Chambal Fertilisers triangulated with EV/EBITDA and P/E peer comps; thesis grounded in macroeconomic analysis of Indian agri-input demand, urea pricing policy, and segmental margin trajectory.

Empirical Study: Dividend Policy Impact on Valuation — NSE Fertilizer Coverage *May 2023 – Jun 2023*

- Cross-sectional analysis linking dividend payout policy to forward valuation multiples; translated findings into actionable signals for income-oriented portfolio construction.

Risk-Return Analysis — Indian Entertainment Sector *Oct 2022 – Nov 2022*

- Computed Sharpe, Treynor, and beta-adjusted returns across Indian media stocks; ranked names on risk-adjusted basis to support sector allocation calls.

EDUCATION

CFA Institute — CFA Program · Passed All Three Levels (Charter pending experience requirement) *Feb 2026*

GSFC University, Vadodara — UG, Finance & Accounting · CGPA 7.66 / 10 *2023*

Sarvopari School, Morbi — Class XII, GSEB · 85.14% | **Crystal Public School** — Class X, GSEB · 81.33% *2020 / 2018*
